

# Infrastructure Managers

## Objective Economic Analysis

Our regional clients often require assistance, whether for purposes of reform, planning, or project evaluation. Econsult Solutions, Inc. can provide you with the objective economic analyses to help you make the most viable and sustainable decision for your area.

We help authorities ensure investments achieve the desired outcomes, positively impact local communities, and ensure tolls and fees are set fairly and do not hinder economic growth. Key areas of work include:

- Feasibility Analyses.
- Economic and Fiscal Analyses.
- Modeling and Rate-Setting Analyses.
- Budgeting and Internal Planning.
- Project Evaluation.
- Geographic Information Systems (GIS).
- Public-Private Approaches to Infrastructure Development.
- Survey Preparation, Data Collection, and Statistical Analyses.
- Assessing Tax and Fees Burdens for Businesses and Individuals

## Selected Clients

NYCEDC

Pennsylvania Waste

Area Transit Authority

Econsult Solutions, Inc. experts **Dick Voith, PhD** and **Peter Angelides PhD AICP** provide economic and planning experience for clients. Dr. Voith is a well-known expert in real estate economics, transportation, and economic development. In 2006, Dr. Voith was appointed by Governor Rendell to the newly established Transportation Funding and Reform Commission charged with recommending appropriate levels of funding for transit systems, roads and bridges throughout the Commonwealth. Dr. Voith also served on the Board of Directors of the Southeastern Pennsylvania Transportation Authority and as Vice Chairman of SEPTA. Dr. Angelides comes with over 15 years of experience in planning. Dr. Angelides teaches a course on Infrastructure Investment and Economic Growth at the University of Pennsylvania.

Additionally, ESI's Senior Advisors, **Dave Boonin** and **Kash Srinivasan** offer over 20 years of experience as utility economists and practitioners, and together with ESI, provide comprehensive analytical services necessary to make your project a success.
